"In this action-packed prelude to the hit series, acclaimed horror writer Daniel Kraus (George Romero's *The Living Dead*, *The Autumnal*) unveils four globe-spanning tales from the earliest days of the zombie apocalypse when even the wildest rumors couldn't measure up to the horror to come. A street-wise Russian cop patrols the back alleys of the opportunistic black market that emerges in response to the crisis...a North Korean soldier observes strange happenings on the DMZ... An E.R. nurse in the rural South fights to protect her hospital from threats without and within...A transgender flight attendant who has observed disturbing clues as she crisscrosses the globe keeps a wary eye on the passenger in seat 23C.

See how the end of the world as we know it began in this climactic issue!"

Once upon a time, we lived alongside Legends. Creatures of myth. Centaurs, fauns, gorgons, kelpies, gnomes, and more. They were spectacular. Majestic. Powerful. Peaceful. Pure. In comparison, we were ugly. Weak. Warmongering. Rotten. Is it any wonder we could not live alongside them any longer? After driving these Legends to the fringes of society, an uglier form of mythos takes shape in the form of rumors of live snuff shows for dark web high rollers. When a mysterious young woman, Nessa, enlists the help of a hacker to take a tour of the grisliest corners of the Dark Web, she sets in motion a war between those who peddle to mankind's darkest fantasies and a world that transcends imagination. Trojan is fantasy thriller full of wonder and horror in equal measure.

Shakespeare died over 400 years ago and no story captures the mysticism and brutality of Scottish history quite like 'Macbeth'. This graphic novel aims to tell the darkest version yet of this tale of witchcraft, murder, manipulation, and unbridled ambition...Basing his drawings on Prague Shakespeare Company's adaptation of Shakespeare's masterpiece Scottish artist Stewart Kenneth Moore has pulled double duty by documenting a stage performance in Prague by illustrating it against the starkest memories, places and myths of his own homeland. The pacing of the panels and scene setting serves to clarify aspects of the play that can be hard to understand on the stage. In addition to this graphic novel adaptation, this volume also includes the original playscript by William Shakespeare. The combination of both the graphic novel and original script in a durable and handsome softcover makes this the perfect addition to the shelves of avid Shakespeare readers, collectors, librarians, students, and teachers.

## HUNT. KILL. REPEAT. #1

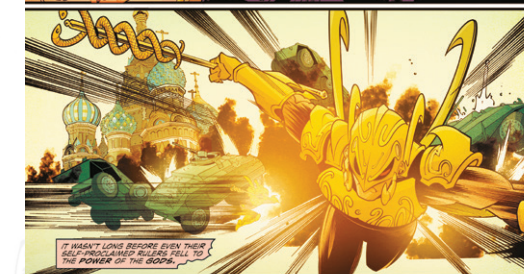

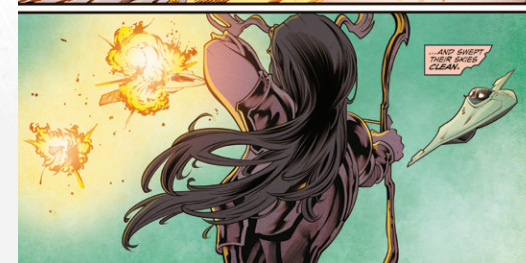

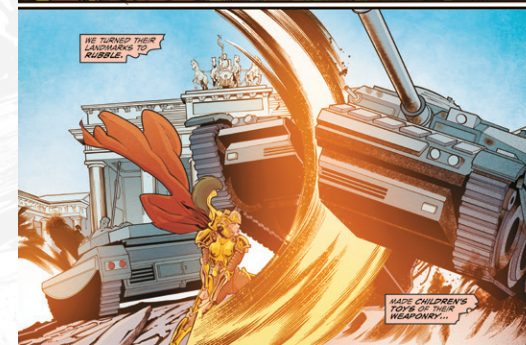

It's Kill Bill meets Clash of the Titans in Hunt. Kill. Repeat. The all-new, action packed series by Mark London (Battlecats, Knights of the Golden Sun). When the Greek gods invade Earth, society is quickly forced to comply with their new rulers.

However, one god, Artemis, rejects her brethren's ideology and has found solace in the love of a mortal. When she is called to Olympus to answer for her betrayal, the gods strip away her godly powers and leave her for dead. Now, ten years later, Artemis is on a quest for revenge to confront her father, Zeus, for taking away everything she ever loved.

"A year after the mysterious death of his wife, Professor Derek Flynn finds himself waking up, as if from a blackout, in the middle of a catastrophic and fatal disaster. Derek has no idea how he got there, but what's even more inexplicable is that this has become a common occurrence. In fact, Derek has been lying to his estranged teenage daughter, Casey, about his puzzling disappearances for months. Desperate to get to the bottom of what's happening to him, Derek reaches out to psychologist Alice Meyers seeking help to recognize the terrifying visions that haunt his dreams: imminent disasters, both natural and manmade, that Derek now feels he is somehow integral to. But with the FBI catching on to his connection with these disastrous events, a manhunt begins, and Derek finds himself tangled in a perplexing web.

Stuck between being a fugitive and a messiah, and on the run in his pursuit for the truth, Derek will discover that there are no such things as coincidences. "

Rick and Morty realize that nothing has really changed for them over the past couple of years. In fact, it seems like the world is still the same. No new music genres. Or movie stars. Or video games. And that cheese in the fridge is getting real weird. When Rick and the entire Smith family realize they're trapped in a Time Zoo, it's up to Summer to save the day. No, really. Summer has to save the family.

A nameless alien data compiler comes to Earth to study humans, setting up shop on the outskirts of a small desert community in North America. Working under forced labor, it must watch humans in complete secrecy while sending regular reports to its manager back home. Using spore-like technology to read the minds of his hosts, the alien quickly takes a special interest in Will, one of his early subjects. That interest proves to be a problem when the alien is accidentally revealed to Will's family and it takes desperate measures to save its own life. In doing so, it discovers a forbidden ability...it can control human minds. Now, the alien struggles to keep this secret from its manager, deal with a growing number of suspicious humans, and come to terms with its ethically questionable decisions. My Life Among Humans is a beautifully painted, evocative first graphic novel from illustrator and cartoonist Jed McGowan.

## JULY TITLE 0722VL326

A MAN, A WOMAN—  
AND THEIR PARASITES.

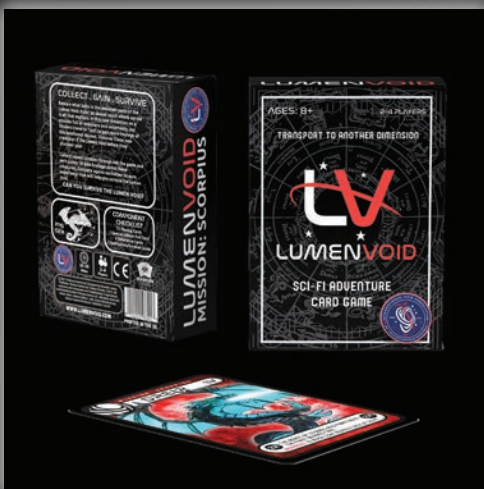

MARCUS HAS FELT ALONE SINCE THE LOSS OF HIS SISTER AND HAS JUST RECENTLY ENTERED INTO THE DATING SCENE. LAURA HAS DRIFTED INTO ADULTHOOD, AFTER BOUNCING THROUGH FOSTER CARE. THEY MEET, THEY HAVE AN EVENTFUL FIRST DATE, AND MARCUS ALMOST DIES—BECAUSE THE SLUG-LIKE ALIEN SUCTION-CUPPED TO HIS CHEST NEARLY REJECTS HIM, ITS HOST. BONDING IS A FUNNY, QUIRKY, AND HONEST LOOK AT LOVE, IN A WORLD WHERE EVERYONE IS A HOST TO AN ALIEN.
